ARRON SANJAY

MCA Student | Full-Stack Developer & Data Analyst
+91 98473 69878 | arronsanjay15@gmail.com | linkedin.com/in/arron-sanjay-732504353

PROFESSIONAL SUMMARY

MCA student with hands-on experience in full-stack web development (MERN stack, PHP, SQL), data analysis (Power BI, Excel, data cleaning), and generative AI tools. Built and deployed web applications, completed a Deloitte data analytics simulation, and presented findings to non-technical audiences. Seeking an internship or entry-level role in software development or data analytics.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, SQL, PHP, JavaScript
- **Web Development:** HTML, CSS, MERN Stack (MongoDB, Express.js, Node.js), REST APIs, XAMPP
- **Data & Analytics:** Data Cleaning, Data Visualization, Business Reporting, Microsoft Power BI, Microsoft Excel (Dashboards)
- **Generative AI:** Prompt Engineering, LLM-Assisted Workflows
- **Tools:** Microsoft Word, Microsoft PowerPoint, Vercel
- **Soft Skills:** Problem-Solving, Stakeholder Communication, Attention to Detail, Adaptability, Teamwork

PROJECTS

FitZone – Workout Planner & Tracker (Web Application) | Deployed on Vercel
Live: fitzonepro-zephyr.vercel.app

- Developed and deployed an offline-first fitness web application for planning, learning, and completing guided workouts.
- Built a library of 80 exercises with level-adjusted workout plans and a 30-day fitness challenge.
- Implemented progress tracking with data saved on the user's device, and designed a responsive, mobile-friendly interface.

Online Examination System (MERN Stack) | 2026

- Built an online examination platform with student and admin logins, timed MCQ tests, and automatic scoring with instant results.
- Developed REST APIs (Node.js, Express.js), a React front end, and MongoDB storage for users, questions, and results.

Lab Slot Booking System (Academic Project) | February 2026

- Built a lab slot booking web application using PHP and SQL, run locally on XAMPP.
- Enabled users to view available lab slots and book them online, with booking data stored in a SQL database.

Student Performance Analysis (Academic Project) | 2024 – 2025

- Cleaned and preprocessed student datasets to remove inconsistencies and ensure data accuracy.
- Created charts and visualizations comparing performance across student cohorts.
- Presented findings to support academic decision-making.

EXPERIENCE & SIMULATIONS

Data Analytics Job Simulation – Deloitte (via Forage) | May 2026

- Analyzed datasets to detect anomalies in a forensic consulting scenario.
- Applied structured problem-solving and professional reporting practices used in Big Four engagements.

EDUCATION

Master of Computer Applications (MCA) | In Progress
Kristu Jyoti College of Management and Technology, Mahatma Gandhi University

Bachelor of Commerce – Computer Applications | 2025
Kristu Jyoti College of Management and Technology, Mahatma Gandhi University

CERTIFICATIONS & ACHIEVEMENTS

- Generative AI Essentials: Using LLMs to Work with Data – IBM SkillsBuild (May 2026)
- Data Analytics Job Simulation – Deloitte via Forage (May 2026)
- User Interface Design (Elite certification) – NPTEL, IIT Roorkee (Jan–Feb 2026)
- One Million Prompters (Prompt Engineering) – Dubai Future Foundation
- Certificate of Recognition, Young Innovators Programme (YIP) 9.0 – K-DISC, Government of Kerala
- MS Office – Multimedia Academy
